

707 Camping Pack List

Please print this form and refer to it often. Be Prepared for the unexpected. Remember the 10 Essentials!!!

NOTE: Every camping trip is different. Plan accordingly for cold weather and cold nights with layered clothing, hot weather, rain/snow/ice, swimming activities, extensive hiking and other factors. Does your scout need daily medication, glasses or contacts and other personal items to ensure his comfort? Most camping trips are located far from stores and sometimes even cell phone do not work. Remember, a scout is always PREPARED.

Scouts should never bring the following: firearms, weapons, knives (a pocket knife *with Totin Chip* is allowed), drugs, alcohol, toys, electronics (except a camera and an alarm clock), sexual items or magazines, clothing with questionable messages, etc. Inappropriate items will be confiscated and the scout may be asked to leave immediately as determined by the Scoutmaster and other leaders. Food/candy should never be in any camping tents at any time. Inappropriate behavior will not be tolerated. Leaders will discuss the situation with the scout the first time for minor offenses, the parents will be consulted for any second time misconduct and for any major misconduct actions, and the scout will need his parent to attend future events or asked to leave the Troop as determined by the Scoutmaster and other leaders. Troop 707 is a Scout-led troop. Patrol leaders lead other scouts at the direction of adults leaders. Disrespect of Patrol Leaders may be cause for disciplinary action. All scouts are required to respect all scouts and leaders at all times without exception. If you have any questions on these items, please let us know!
